TERMINAL DISCLAIMER

Digimarc Corporation ("Digimarc") is the owner of the entire interest in the above-identified application. The assignment from the inventor to former Digimarc Corporation (now L-1 Secure Credentialing, Inc.) was recorded on September 28, 2007 (Reel 019897, Frames 0309-0310). A confirmation of the transfer from L-1 Secure Credentialing, Inc. to Digimarc was recorded on November 5, 2008 (Reel 021785, Frames 0796-0853).

Digimarc hereby disclaims the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term of United States Patents No. 6,064,737, 6,278,781 and 7,362,781 (the "Previous Patents"), and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to the Previous Patents, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantor, its successors or assigns.

Digimarc does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of the Previous Patents, in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR §1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

I am empowered to act on behalf of Digimarc.

Documentary evidence of a chain of title showing present ownership of the above-captioned patent application and the Previous Patents has been reviewed, and I hereby certify that, to the best of my knowledge and belief, such title is in Assignee.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
